Vol. 64 No. 3269

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Audio-visual software and programs in the field of cable and satellite channels and its associated online channels for the purposes of broadcasting educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries, live and recorded entertainment containing music, talk shows and reality shows, dance, drama and comedy and promoting talk shows and reality shows, films, songs and music videos for others; computer software, namely, applications for mobility devices for sharing of still and animated wallpapers, ring tones, screensavers, games, artwork, music, digital comics, mobile software applications, microsites, blogs, promotional videos, audio recordings containing marketing materials and promotional content, voice based tools (vox pops), namely audio and video recordings of opinion surveys, social media; computer software, namely, applications for mobility devices for sharing of video, audio and text for cable and satellite channels, show and event promotion enabling users to view details and advertisements of live and pre-recorded shows and events in the fields of music, sports, dance, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries and games; sound recordings in the field of audio based media/medium, namely radio, online radio, RSS (Rich Site Summary) feeds/podcasts, IVR (Interactive Voice Response), mobile audio content containing music, talk shows, comedy, documentaries, voice based tools (vox pops) namely audio and video recordings of opinion surveys, audio recordings containing marketing materials and promotional content of others; data recordings in the field of audio, video, still and moving images and text namely video and audio cassettes, CDs, VCDs, DVDs, high definition optical discs, data cards namely plastic cards with a magnetic strip, pre-content installed phones and entertainment devices namely MP-3 players, tablet computers bearing audio and video recordings in the fields of dance, music, sports awareness, language, cookery, grooming, fashion, travel, news, lifestyle, feature films, reality shows, infomercials, dramas, soaps; blank and pre-recorded audiovisual recordings, tapes, discs, cassettes namely analog and digital tapes, audio and video cassettes, data storage media, namely pre-packaged semi-conductors, flash memory cards, hard discs, optical discs, CDs, VCDs, DVDs, high definition optical discs, data cards namely plastic cards with a magnetic strip containing music, talk shows and reality shows, dance, drama and comedy, films, videos; pre-content installed phones and entertainment devices namely MP-3 players, tablet computers, films containing musical recordings, motion pictures and television programs; pre-recorded audio and video cassettes and CDs containing music, information in the field of art history, containing educational software in the field of science and languages, pre-recorded audio and video cassettes and CDs containing media namely music, sports, dance, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries and games; video game programs, downloadable ring tones, wallpaper, games and music; downloadable television programs; downloadable audio and video recordings containing music, sports, dance, daily entertainment soaps, mythological serials, drama, infomercials, children's programming, films, thrillers, comedy, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries, and games, downloadable audio and video recordings in the fields of online computer and video games and video game instruction and tutorials; downloadable electronic publications in the nature of books, magazines and periodicals in the field of fiction and non-fiction, games, comics, blogs, web-isodes, websites, audio books in the field of fiction and non-fiction; interactive videos namely video games, videos containing movies, moving and still images, books, comics, electronic books, blogs, web-isodes, websites, all enabling viewers to navigate through and to customize content interactively.

SERVICES

Television and radio broadcasting services; cable television, online television, and digital television broadcasting and transmission services, direct to home services, Over The Top Technology (OTT) services for media delivery over the public internet; transmission, broadcast, reception and dissemination of pre-recorded and live audio, pre-recorded and live video, still and moving images, text and digital and electronic data of others whether in real and delayed time by satellite, microwave link, cable, Internet and data link namely transmission, broadcast, reception and dissemination of audio, video, still and moving images, text and digital and electronic data provided by means of satellite television, microware link, cable Internet and data links, dissemination of television programs relayed by satellite, microwave link, cable, Internet and data link to television receivers of users; provision of telecommunications access and links to computer databases and the Internet; operation of earth-to satellite television transmitters for transmission of signals to satellite; operation of satellite-to-earth receiver aerials and frequency conversion of microwave signals relayed by satellite to transmit television and radio broadcasts and cable television broadcasting services; frequency conversion of microwave signals relayed by satellite; operation of television cable networks; provision and operation of radio, telephone, telegraph, satellite and of cable network communications systems; videotext and teletext transmission services; electronic and telecommunication transmission services namely providing multiple user access to a global computer network, videoconferencing services, wireless digital messaging services, personal communication services (PCS), radio broadcasting services; transmission of data and of information by electronic means namely, text messages, electronic mail, video, music, computer software, photographs, calendar and contact data, news, weather, financial information, map and direction information, via cellular networks, the Internet, global computer networks, cable, radio, radiopaging, teleprinter, teleletter, email, facsimile, television, microware, laser beam, communications satellite; transmission, provision and display of information namely business data containing channel viewership trends and channel performance, packaging and pricing data, software applications to allow users to perform electronic business transactions via a global computer network and to showcase channel strength for maximizing consumer reach and advertiser revenues, emails, video programs, promotional advertisements, video advertisements and movies from a computer-stored data bank for business purposes (from a broadcaster to a direct to home service or a cable operator) and domestic purposes (from a direct to home service to a direct to home service consumer) to schedule programs and advertisements on channels; telecommunications namely telecommunication services namely providing multiple user access to a global computer network, television and radio broadcasting services, transmission of voice, data, graphics, images, audio and video by means of wireless communication networks and the Internet all pertaining to video games and computer games, movies, news, comics, electronic books, blogs, webisodes; telecommunications services namely mobile Over the Top (OTT) and fixed satellite data (direct to home and cable) communications for television broadcasting and transmission; position determination services namely services to determine the location of user for the purposes of delivery of mobile Over the Top (OTT) and fixed satellite data (direct to home and cable) services; electronic mail services; Internet communications namely hosting websites for others, provision of instant messaging services, provision of electronic messaging services, providing on-line electronic bulletin boards and forums for transmission of messages among computer users concerning topics of general interest to users, internet and video conferencing services, transmission of audio-visual content namely music, sports, dance, daily entertainment soaps, mythological serials, drama, infomercials, children's programming, films, thrillers, comedy, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries, games, talk shows and reality shows; provision of information, consultancy services and advisory services relating to all the aforesaid services; education and entertainment services in the field of planning, production and distribution of live and recorded audio, visual and audiovisual material in the fields of music, sports, dance, daily entertainment soaps, mythological serials, drama, infomercials, children's programming, films, thrillers, comedy, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries, games, talk shows and reality shows for transmission, broadcast, reception and dissemination to radio, television, computers and handheld devices, and through film, tapes, cassettes, discs, CDs, VCDs, DVDs, and data recordings in the fields of music, dance, concerts, drama, grooming, science, cookery, languages, journalism, news, weather, sports, films, art and culture, food, fitness, travel; education and entertainment services provided by means of the Internet in the fields of music, dance, concerts, drama, grooming, science, cookery, languages, fitness, travel, journalism, news, weather, sports, films, art and culture, food; planning, production and distribution of television programs, films and featuring sports broadcasting on television, music videos provided via the Internet, television shows, films, promotional trailers and advertisements, reality based talent shows, concerts, dramas, grooming, reality shows, cookery, food, fitness, travel; production of interactive content namely provision of interactive video games over the Internet, design and development of interactive content management databases which enables users to provide opinions via Short Message Service (SMS) text messaging, website votes and viewer call-ins and user interfaces in the field of sports, music, films, television shows; custom production of interactive content which enables users to provide opinions via Short Message Service (SMS) text messaging, website votes and viewer call-ins for the sports and music industries, interactive contests and integrated with television shows; distribution of programs in the field of sports, music, culture, lifestyle and news transmitted via wireless communication devices; news reporting; providing online information in the fields of sports, music, natural world, culture, lifestyle and news via the Internet; rental of audio and video recordings containing music, sports, dance, daily entertainment soaps, mythological serials, drama, infomercials, children's programming, films, thrillers, comedy, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries, games, talk shows and reality shows, still and moving images; publication of books and printed matter in the field of games, electronic games, films, tapes , cassettes, discs, CDs, VCDs, DVDs, audio-visual recordings containing media namely music, sports, dance, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries and games, Internet, radio and television; news publication; providing cinema and theatre facilities; presentation of live performances, concerts, contests, shows and events namely musical concerts and art and musical variety shows, music concerts, sports, contests, shows and events in the field of art, music, culture, comedy, dramas; organization of education and entertainment competitions namely reading competitions, spelling competitions, dance competitions, sports competitions, talent shows, general knowledge quiz competitions, musical competitions; entertainment provided by electronic and digital interactive media, namely, providing on-line computer games featuring entertainment shows, films, music and dance shows, sports programming, films, webisodes; electronic games services namely provision of computer games online provided by means of the Internet and via cable, satellite, microwave link, wireless and wirelink systems, interactive contests based on television and film content; information and advisory services for aforesaid services; design, drawing and commissioned writing, all for compilation of web pages on the Internet; information provided on-line from a computer database or from the Internet namely provision of computer based and online databases in the field of ancestry and geneology, finance, accounting, book keeping, celebrities, films, television shows, other audio visual content in the areas of sports, music, dance, culture, art, food; technical research services provided on-line to businesses and organizations in the fields of computer networks and network systems design and cloud computing, television broadcasting, transmission of audio, video, still and moving images, text and digital data and processing of audio-visual content in the fields of music, sports, dance, daily entertainment soaps, mythological serials, drama, infomercials, children's programming, films, thrillers, comedy, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries, games, talk shows and reality shows; services of providing non-downloadable web-based software for broadcasting entertainment programs via satellite and cable channels; information systems namely development and implementation of computer-based information systems for management of television programmes and shows containing music, sports, dance, daily dramas and soaps, mythological serials, drama, infomercials, children's programming, films, thrillers, comedy, social and individual awareness, language, cookery, food, grooming, fashion, travel, news, lifestyle, educational programmes in the fields of health and sciences, languages, social issues and ecology, children's educational programmes, documentaries, games, talk shows and reality shows, and the provision and management of on-line databases in the fields of television programmes, television broadcast; provision of information, consultancy services and advisory services relating to all the aforesaid services.

Trademark Description

The trade-mark is two-dimensional. The trade-mark consists of the colour brown as applied to the whole of the visible surface of the particular bottle, and the colour gold as applied to the whole of the visible surface of the particular capsule at the top of the bottle (including the medallion), on the rectangular label at the middle, and on the bottom of the bottle, as shown in the drawing. The accompanying drawing shows a frontal view of the trade-mark as a whole, and also a magnified frontal view of the middle of the bottle. The top of the bottle consists of a medallion with the letters GBS on it, with the word BALLANTINE'S appearing below the medallion on the neck of the bottle, and below that, the phrase EST 1827. The letters GBS also appear just below the neck of the bottle . The middle of the bottle consists of the word BALLANTINE'S. Above the word BALLANTINE'S is a griffon holding a sword. On either side of the word BALLANTINE'S is a flag and a horse rearing up on its hind legs. Beneath the word BALLANTINE'S is a rectangular label that reads BLENDED FROM A SELECTION OF THE RAREST WHISKIES. AN EXPRESSION OF CRAFTSMANSHIP BY OUR MASTER BLENDER. To the right of the label appears a miniature crest design with the words EST. 1827. Below the rectangular label are the words AGED 40 YEARS. In the middle of the bottle, and behind the above-mentioned elements is a two-dimensional crest. Below the crest is a scroll which reads AMICUS HUMANI GENERIS. The bottom portion of the bottle consists of the words FORTY YEAR OLD BLEND LIMITED BOTTLE RELEASE NO.I/IOO and GEO. BALLANTINE 2012 RELEASE.

Colour Claim

Colour is claimed as a feature of the mark. The griffon holding a sword, flags, rearing horses, crest, scroll, and wording on the scroll are all white. All of the other words and design elements (including the medallion at the top of the bottle) are gold. The bottle is brown.

(1) Silicon compound, fluorine compound and chemical-based water repellent preparation for use in preventing adhesion of dust, dirt, fingerprints and skin oil for application to display panels, transparent panels and plastic films, Silicon compound, fluorine compound and chemical-based oil repellent preparation for use in preventing adhesion of dust, dirt, fingerprints and skin oil for application to display panels, transparent panels and plastic films; Metallates, namely, metal salts of acids; Oxides; Nitride; Nitrogen oxide; Acrylate compound based ultraviolet curable chemical preparations for use in electrical machinery industry, plastics industry and chemical industry; Sputtering targets; Filling chemical preparation made of resin particles for chromatography; Acrylate compound based preparation for use in filling the air gap between display panels and glass covers for manufacturing displays; Acrylate compound based preparation for use in filling the air gap between display panels and plastic covers for manufacturing display; Chemicals for use in the treatment of industrial wastes; Chemicals used in electrical machinery industry, plastics industry and chemical industry; Adhesives for building materials; Adhesives for filling the air gap between display panels and glass covers for manufacturing display; Adhesives for filling the air gap between display panels and plastic covers for manufacturing display; Adhesives (not for stationery or household purposes), namely adhesives for use in the chemical industry, adhesives for use in the display panel industry, adhesives for use in the automobile industry, adhesives for use in the life sciences industry, adhesives for use in the biotechnology industry and adhesives for use in the electronic industry; Photographic paper, photographic sensitizers, photographic developers, flash powder, photographic fixers; Acrylic resins; Vinyl resins; Polyolefin resins; Synthetic polymerization resin particles; Natural coated polymerization resin particles; Natural flocculants; High molecular flocculants; Unprocessed plastics, namely, plastics in primary form for filling the gap between display panels and plastic covers for manufacturing display and between display panels and glass covers for manufacturing display; Unprocessed plastics in primary form

(2) Dyestuffs; Fluorescent pigments for industrial purposes; Paints for building materials; Printing inks; Nonferrous metals in foil or powder form for painters, decorators and printers; Precious metals in foil or powder form for painters, decorators and printers

(3) Dental composite, porcelain and impression materials

(4) Ferrite and other soft magnetic powders, namely, magnetic stainless steel (Fe-Cr-Al-Si alloy), sendust (Fe-Si-Al alloy), permalloy (Fe-Ni alloy), silicon copper (Fe-Cu-Si alloy), Fe-Si alloy, Fe-Si-B(-Cu-Nb) alloy, Fe-Ni-Cr-Si alloy, Fe-Si-Cr alloy, and Fe-Si-Al-Ni-Cr alloy; Irons and steels;

Nonferrous metals and their alloys; Metal materials for building or construction, namely, soffits and fascia

(5) Chemical processing machines for use in cleaning, polishing, filtering, classifying, dispersing, mixing, grinding, coating and extracting; Plastic processing machines; Vacuum deposition machines for manufacturing semiconductors; Sputtering machines for manufacturing semiconductors; Any other semiconductor manufacturing machines; Solar powered electricity generators and parts thereof

(6) DNA chip; Laboratory apparatus and instruments, namely, pre-packed columns for use in chemical synthesis, and tissue culture incubators, tissue culture media dispensing apparatus, DNA chips, genetic diagnosis chips, bioreactors, incubators and micro reactors; Photographic instruments and apparatus, namely, cameras and camera lenses; Cinematographic instruments and apparatus, namely, movie projectors; Polarizing plates; Wave plates for optical apparatus and instruments; wave plates for telecommunication devices and apparatus; wave plates for electronic machines and apparatus; Beam splitters; Parts for LED; Optical apparatus and instruments, namely , diffraction grating, lenses for graphic display panels, diffuser panel for graphic display panel, retarder for graphic display panel; Electrical fuses; Electric resistors; Condensers, namely electrolytic capacitors; Electrical conductors for transformers; Magnetic sensors; Electrical power distribution units with control machines sold as a unit; Rotary converters; Phase modifiers, Solar batteries; Fuel batteries and lithium ion batteries for use in display panels, mobile phones, digital cameras, touch panels, personal computers, portable music players and automobiles; General purpose batteries and cells and parts therefor; Connecting materials, namely, conductive tapes for connecting solar battery cells to each other; Connecting materials, namely, conductive paste and anisotropic conductive paste for connecting LED to base materials; Electric or magnetic meters and testers; Blank optical disks and their parts; Organic electroluminescence video displays; Mobile phone antennas; Sheet type antennas; Magnetic heads used in magnetic recording for reading and writing; Anti-reflective films and protective films for display panel of digital camera; Telecommunication devices and apparatus, namely, television receivers, touch panels, digital cameras, navigation (GPS) systems consisting of computers, computer software, transmitters, receivers, and network interface devices, CD players, DVD players; Thermistors; LED circuit boards made of glass ceramics; Non-contact IC card, namely circuit boards provided with integrated circuits; Anti-reflective films and protective films for PC display; Electronic machines, apparatus and their parts, namely, personal computers, mobile phones, personal digital assistants, semiconductor modules and circuit boards; Electrically conductive materials, namely, electrically conductive particles and resins containing such particles for use in connecting electronic parts, and for use in wiring materials and shielding materials; Anisotropic electrically conductive films and paste for use in connecting electronic parts and print-circuit boards; Magnetic core for use in switching supply, toroidal core, choke coil, RFID; Resistance wires; Electrodes for batteries and cells; Electrodes for printed wiring boards

(7) Heat pumps; LED electric lamps and lighting fixtures; Heat pipes to cool heat producing components; heat sinks for use in heating, cooling and ventilating electronic devices

(8) Electrical insulating materials; Insulating gloves; Condenser paper; Vulcanized fiber; Phosphor coated and phosphor filled sheets; Heat reflection films; Transparent electrically conductive films; Touch panel electrode films; Magnetic sheets or magnetic plastic films; Plastic films for solar batteries, namely thermal generation films; Heat thermal plastic films; Anti-reflective films; Ultraviolet curable adhesive tapes; Plastic films or plastic sheets being inserted between display panel and glass cover; Plastic films or plastic sheets being inserted between display panel and plastic cover; Conductive plastic films or plastic sheets for touch panels; Plastic films or plastic sheet for electrode formation of touch panels; Plastic films or plastic sheets for display panels;

Plastic films or plastic sheets adhering display panel with glass or plastic; Adhesive-coated plastic films or plastic sheets for use in the manufacture of display panels and electronic devices; Adhesively-laminated plastic films or plastic sheets for use in the manufacture of display panels and electronic devices; Rubber [raw or semi-worked]

(9) DNA chip; Laboratory apparatus and instruments, namely, pre-packed columns for use in chemical synthesis, and tissue culture incubators, tissue culture media dispensing apparatus, DNA chips, genetic diagnosis chips, bioreactors, incubators and micro reactors; Photographic instruments and apparatus, namely, cameras and camera lenses; Cinematographic instruments and apparatus, namely, movie projectors; Polarizing plates; Wave plates; Beam splitters; Parts for LED; Optical apparatus and instruments, namely, diffraction grating, lenses for graphic display panels, diffuser panel for graphic display panel, retarder for graphic display panel; Electrical fuses; Electric resistors; Electrolytic capacitors; Electrical conductors for transformers; Magnetic sensors; Electrical power distribution units with control machines sold as a unit; Rotary converters; Phase modifiers, Solar batteries; Fuel batteries and lithium ion batteries for use in display panels, mobile phones, digital cameras, touch panels, personal computers, portable music players and automobiles; General purpose batteries and cells and parts therefor; Connecting materials, namely, conductive tapes for connecting solar battery cells to each other; Connecting materials, namely, conductive paste and anisotropic conductive paste for connecting LED to base materials; Electric or magnetic meters and testers; Blank optical disks and their parts; Organic electroluminescence video displays; Mobile phone antennas; Sheet type antennas; Magnetic heads used in magnetic recording for reading and writing; Anti-reflective films and protective films for display panel of digital camera; Telecommunication devices and apparatus, namely, television receivers, touch panels, digital cameras, navigation (GPS) systems consisting of computers, computer software, transmitters, receivers, and network interface devices, CD players, DVD players; Thermistors; LED circuit boards made of glass ceramics; Non-contact circuit boards provided with integrated circuits; Anti-reflective films and protective films for PC display; Electronic machines, apparatus and their parts, namely, personal computers, mobile phones, personal digital assistants, semiconductor modules and circuit boards; Electrically conductive materials, namely, electrically conductive particles and resins containing such particles for use in connecting electronic parts, and for use in wiring materials and shielding materials; Anisotropic electrically conductive films and paste for use in connecting electronic parts and print-circuit boards; Magnetic core for use in switching supply, toroidal core, choke coil, RFID; Resistance wires; Electrodes for batteries and cells; Electrodes for printed wiring boards; Downloadable music files; Exposed cinematographic films featuring information as to the chemical industry, display panel industry, automobile industry, environment industry and biotechnology industry; Exposed slide films; Slide film mounts; Downloadable image files containing information as to the chemical industry, display panel industry, electronic industry, automobile industry, environmental industry and biotechnology industry; Recorded video discs and video tapes featuring information as to the chemical industry, display panel industry, electronic industry, automobile industry, environmental industry and biotechnology industry; Electronic publications, namely, electronic books, magazines and manuals featuring information as to the chemical industry, display panel industry, electronic industry, automobile industry, environmental industry and biotechnology industry

(10) Electrical insulating materials; Insulating gloves; Condenser paper; Vulcanized fiber; Phosphor sheets; Heat reflection films; Transparent electrically conductive films; Touch panel electrode films; Magnetic sheets or magnetic plastic films; Plastic films for solar batteries, namely thermal generation films; Heat thermal plastic films; Anti-reflective films; Ultraviolet curable adhesive tapes; Plastic films or plastic sheets being inserted between display panel and glass cover; Plastic films or plastic sheets being inserted between display panel and plastic cover; Conductive plastic films or

plastic sheets for touch panels; Plastic films or plastic sheet for electrode formation of touch panels; Plastic films or plastic sheets for display panels; Plastic films or plastic sheets adhering display panel with glass or plastic; Adhesive-coated plastic films or plastic sheets for use in the manufacture of display panels and electronic devices; Adhesively-laminated plastic films or plastic sheets for use in the manufacture of display panels and electronic devices; Rubber [raw or semi-worked]

SERVICES

(1) Repair or maintenance of optical apparatus and instruments, namely, diffraction grating, lenses for graphic display device, diffuser panel for graphic display panel, retarder for graphic display panel; Repair or maintenance of electronic machines and apparatus, namely, personal computers, mobile phones, personal digital assistants, semiconductor modules, circuit boards; Repair or maintenance of telecommunication devices and apparatus, namely, television receivers, touch panels, digital cameras, navigation apparatus for vehicle, CD players, DVD players; Repair or maintenance of power distribution or control machines and parts and fittings therefor

(2) Extruding of plastics, unprocessed plastics and plastic semi-worked products; Injection molding of plastics, unprocessed plastics and plastic semi-worked products; Deposition (film formation) of plastics, unprocessed plastics and plastic semi-worked products; Cutting of plastics, unprocessed plastics and plastic semi-worked products
